

Planned *10* *APKs + Coun*
Ames, Iowa,
June nine,
1920.

Mrs. C. H. McNider,
Mason City, Iowa.

Dear Mrs. McNider:

I am in receipt of your favor of June fourth, notifying me of the change in the exhibit. I think perhaps all we will have to exhibit is a few pictures of the McGregor vicinity and some views of the Backbone Park.

I am to be at LaCrosse and Madison on the 18, 19, 20 and perhaps 21st. I am scheduled to speak on the 22nd.

May I say in this connection that when speaking at the Backbone Park dedication I forgot to mention the splendid work done by the women of Iowa, and especially the conservation section of the Iowa Federation. I shall make due mention of this in my address which is to be published in the proceedings of the meeting.

You will be interested to know that the Conservation Board Report is already for the binder and will be ready for distribution shortly.

Will you be in LaCrosse? I presume not. I had a letter from Miss Clark this morning asking me who would be there. If you are to be there kindly drop her a line.

Yours truly,

P/T.
